

AMENDMENTS TO THE SPECIFICATION:

After the Title and before Paragraph [0001], add the following:

--Background of the Invention--

After Paragraph [0005] and before Paragraph [0006], add the following:

--Brief Summary of the Invention--

Delete the following:

[0021] A description of a preferred embodiment of the invention follows. In the figures:

[0022] FIG. 1: is a cross-section through projection and catch element in plan view when the door is closed;

[0023] FIG. 2: is a cross-section through a fixing of the catch element;

[0024] FIG. 3: shows the projection and catch element in cross-section during opening or closing of the door; and

[0025] FIG. 4: shows the projection and catch element in cross-section when the door is opened.

and insert the following therefor:

--Brief Description of the Drawings

[0021] A description of a preferred embodiment of the invention follows. In the figures:

[0022] FIG. 1: is a cross-section through projection and catch element in plan view when the door is closed;

[0023] FIG. 2: is a cross-section through a fixing of the catch element;

[0024] FIG. 3: shows the projection and catch element in cross-section during opening or closing of the door;

[0025] FIG. 4: shows the projection and catch element in cross-section when the door is opened; and

[0025.1] FIG. 5: shows the projection and catch element in cross-section during opening or closing of the door with the projection and catch element being disposed on the opposing side of the door as compared to the configuration shown in FIG. 3.

Detailed Description of the Present Invention--
